WRETCHED DEMESNE

Scenario 01: The Cave — Beta Print-and-Play · DODGE 0.2.1

This is the Implementor review build · Git 8b25425d5721. Game content comes from the Scenario 01 source declared by the active DODGE 0.2.1 document. Cut on card borders. No artwork is required for this functional prototype.

SETUP

• Place Cave Mouth.

• Shuffle remaining room cards; place Ancient Relay in bottom 3 cards.

• Each player chooses one crew role and its 10-card starter deck.

• Shuffle each deck and draw 5.

• Set shared Ammo to 8, Scrap to 0, Threat to 0.

• Shuffle encounter and salvage decks.

OBJECTIVE

Explore the cave system, recover the Ancient Power Cell, activate the Ancient Relay, and return at least one crew member to the Cave Mouth alive.

WIN

Ancient Relay activated and at least one crew extracts.

LOSS

• All active crew are incapacitated.

• Threat reaches 12 and no crew extracts before the end of that round.

CORE RULES

Hand Size: 5

Actions Per Turn: 3

Deck Size: 10

Starting Health: 8

Defense Rule: Damage = max(0, attack - defense).

Threat: Threat starts at 0 and maxes at 12. At 4: Spawn one Small Spider in the nearest revealed empty room. At 8: Spawn one Large Spider in the nearest revealed empty room. At 12: The expedition is overrun; crew must extract this round or lose.

Noise: After a noisy attack, add its Noise to Threat. If an unrevealed adjacent room exists, reveal its encounter.

Ammo: Ammo is a shared counter. Firearms spend listed ammo; Reload cards restore ammo.

Search: Each searchable room can be searched once; draw one salvage card.

Spider Feeding: At Enemy phase, a spider sharing a room with a Spider Corpse may consume one. Small becomes Fed (+1 max/current Health); Large becomes Fed and heals 1 each End phase. A Fed spider consuming a second corpse becomes a Chrysalis. Chrysalis hatches next End phase: Small lineage → Large; Large lineage → Alpha.

Retreat: From Entrance, spend 1 action to extract. Extracted crew keep salvage. Scenario succeeds only after the Ancient Relay is activated and at least one crew extracts.

CONTENTS — DODGE DIAGNOSTIC

Generated from the exact resolved DODGE target manifest consumed by this PDF. Quantities and component metadata shown here are effective target values; target overrides and noncanonical playtest quantities are explicitly flagged.

Activates ancient machinery; required by Scenario 01 relay.

key_item

ENEMY REFERENCE

Small Spider

Health 2 · Attack 1 · Defense 0 · Move 2

AI: Move toward nearest corpse; if threatened/adjacent to crew, attack. Flee at 1 Health if no corpse is present.

Leaves Spider Corpse

ENEMY REFERENCE

Large Spider

Health 5 · Attack 2 · Defense 1 · Move 2

AI: Pursue nearest injured crew; feed on corpse in room before moving; retreat one room after feeding if possible.

Leaves Spider Corpse

ENEMY REFERENCE

Alpha Spider

Health 9 · Attack 3 · Defense 1 · Move 2

AI: Pursue nearest target and attack. Never retreats. May attack other creatures if closer than crew.

Leaves Spider Corpse

ENEMY REFERENCE

Brood Mother

Health 12 · Attack 2 · Defense 2 · Move 1

AI: If not adjacent to crew, spawn a Small Spider every other Enemy phase; otherwise attack.

Leaves Spider Corpse

ENEMY REFERENCE

Men of Leng Servant

Health 6 · Attack 2 · Defense 1 · Move 1

AI: Keep range 2 when possible; attack, retreat from adjacent crew, and prioritize crew carrying artifacts.

No Spider Corpse
